ACCLAIM LIGHTING

SOLID STATE : SOLID PERFORMANCE

ABOUT US

Acclaim Lighting was established in 2003 for the creation of advanced lighting technology for the architectural and commercial markets. Acclaim has firmly established itself as a key supplier with its products featured in installations across the globe. Acclaim is ready to support your project with our existing product range as well as the ability to create custom product solutions to fit virtually any application.

TECHNOLOGY

Ai Dim™ is a combination of a finely tuned dimming curve and a specific grouping of LEDs which results in a near perfect representation of incandescent dimming. Ai Dim™ is designed to blend seamlessly into hospitality environments.

AMS or Acclaim Modular Systems are lighting fixtures and accessories that are designed from the ground up to be completely modular and interchangeable. AMS fixtures allow for maximum flexibility in both available options and faster lead times.

The Aria Wireless DMX system is a compact, local, outdoor rated wireless DMX system. It can transmit from transceiver to transceiver or communicate directly with Aria enabled fixtures without any control wires.

Bin One is an specialized LED binning configuration that results in a minimum 2 step Macadam ellipse, and a single bin for the entirety of a project. Bin One ensures your lighting is in perfect color harmony with one another.

Spectrum technology is designed to give you a wide range of color to choose from in applications where both color and dedicated white are required. By mixing a small amount of blue with 3000K white inside a quad color diode, you can get white in a range from 3000K-7000K, while maintaining an >80 CRI, as well as a vast palette of colors including pastels and primaries.

Acclaim Lighting and LuxBalance Lighting are partnering to transform how lighting impacts people's lives by combining some of the worlds best lighting expertise with advanced research and innovative concepts in digital lighting technology.

WARRANTY

Every Acclaim product is backed by our limited warranty and the Acclaim total support guarantee. Warranty length for individual products can also be found on the specification sheet for the item. To obtain a copy of the warranty terms, please send an email to info@acclaimlighting.com with the subject line Warranty Info.

Quick Ship Program*

All purchase orders must be clearly labeled "Quick Ship" on the purchase order. A Quick Ship order will ship within 10 business days of approved pre-payment or terms, and are limited to \$25,000 or less for the entire purchase order. The Quick Ship program is limited to orders placed and shipping to North America and standard terms and conditions apply to all orders. Acclaim Lighting reserves the right to change the terms and part numbers included in the Quick Ship Program without notice. *Item availability in Canada may vary.

FLEX TUBE

SPECTRUM SERIES

FLEX TUBE SPECTRUM / SE SPECTRUM

Flex Tube Spectrum are an IP68 rated, flexible color changing LED tube. It is available with quad-color RGBW LEDs, which cover nearly every possible color combination required including dedicated whites and pastels. It features an IP68 rating, cut points every 3.28" (.08m), and a minimum bend radius of 12" (0.3m). Available in custom built to order lengths, or spools of 16.4' (5m), it is impact, UV, and saltwater resistant.

FLEX AC

FLEX AC

Flex AC is a low profile, exterior rated, AC powered linear LED strip. It features multiple white LED color temperatures, 1-100% ELV dimming, and customizable lengths that are built to order for the specific project. Flex AC provides maximum run distance for projects that are looking to keep wiring simple while eliminating the need for external power supplies.

SPECTRUM SERIES

FLEX SPECTRUM INTERIOR / EXTERIOR

Flex Spectrum is an RGBW flexible LED circuit strip, in a 16.4' (5M) spool with wired digital communication network, designed to give you a wide range of color to choose from in applications where both color and dedicated white are required. By mixing blue with 3000K inside the quad color diode, you get a white range from 3000K-7000K, while maintaining an >80 CRI.

Ai
FLEX

Ai Dim[™]
TECHNOLOGY

Ai FLEX

Ai Flex is a unique, dim to warm interior LED strip fixture. Available in a 16.4' (5M) spool, it features Acclaim's proprietary Ai Dim (Acclaim Intelligent Dimming) technology when used in conjunction with the AL Driver Series. Ai Dim is a combination of a finely tuned dimming curve and a specific grouping of LEDs which results in a near perfect representation of incandescent dimming.

ARIA

WIRELESS DMX

ARIA WIRELESS DMX

Aria is a compact, local, outdoor rated wireless DMX system. The Aria transceiver can act as both the sending and receiving point, and you can select up to 15 channels on the 2.4 GHz band. The internal wireless radio features both automatic networking and signal routing optimization to ensure the best possible reception of DMX data. A 5dB, omni-directional antenna is included, which provides transmission up to 2600' (792M) line of sight and 300' (91M) between obstructions and walls.

CONTROL SERIES

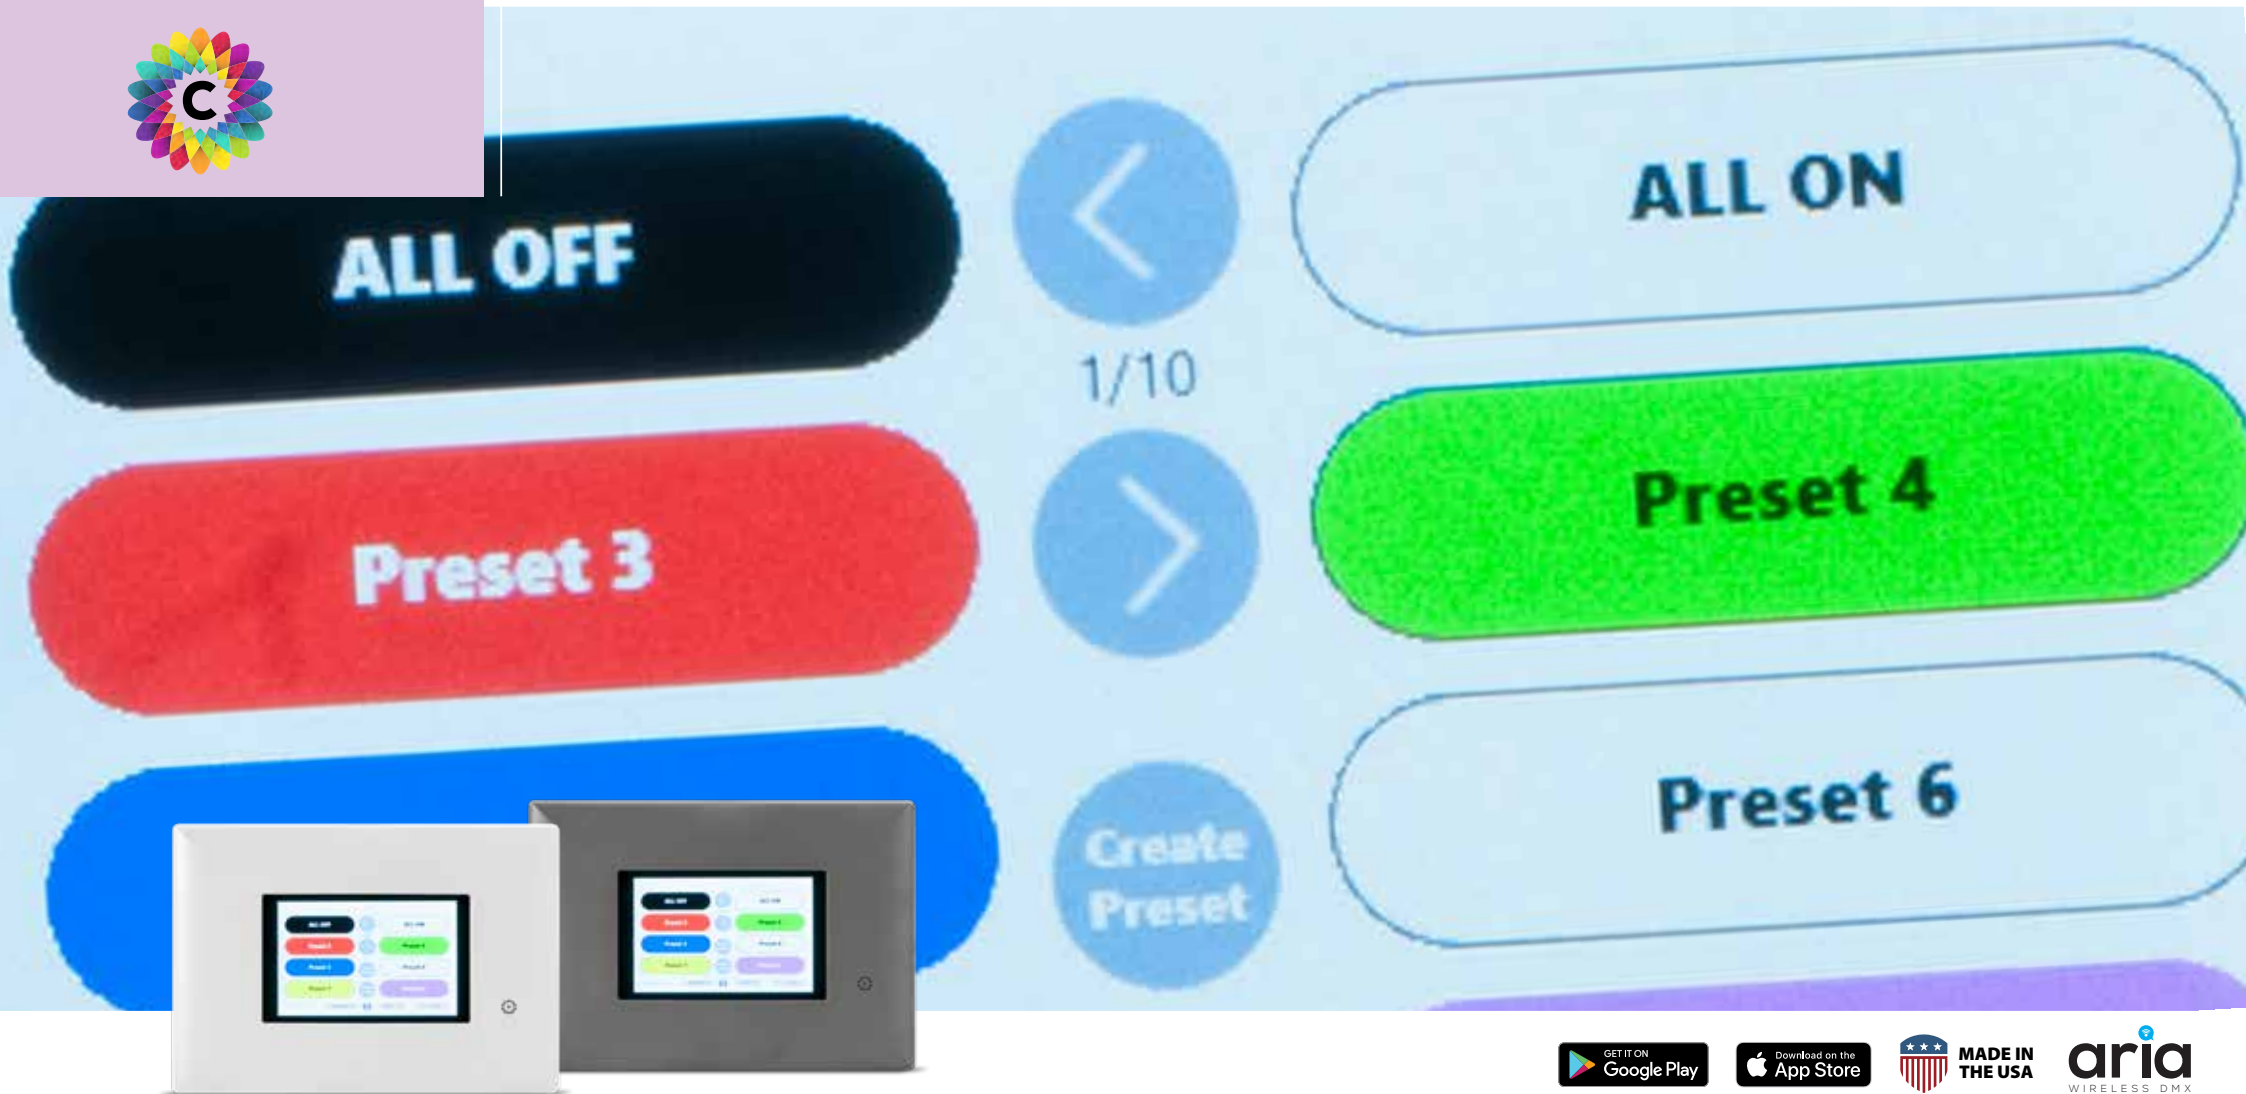

ARIA WIRELESS DMX SPECS

ARIA WIRELESS DMX

DIMENSION

Wireless Protocol	2.4 GHz, IEEE 802.15.4, 15 selectable channels
Estimated Transmission Distance	2600' (792m) line of sight, 300' (91m) between obstructions and walls
Data Encryption	AES 128-bit
DMX Universes	One per transceiver, maximum of 8 simultaneously
Max # of Transceivers	Up to 250 (limited to ensure optimum data transmission)
Included Antenna	5dB, includes direct attachment adapter and 9' extension cable
Power Consumption	3W
Operating Voltage	100-240VAC, 277VAC - 50/60Hz
Display Features	Auto lockout and display blackout
Finish	Gray
Housing Material	Die cast aluminum
Operating Temperature	-40° F to 122° F (-40° C to 50° C)
IP Rating	IP66, Wet Location (does not include feed ends - install in an enclosure)
Wiring	3.28' (1m) Attached AC power feed cable and DMX in /out cable included
Warranty	5 Years Limited
Dimensions (LxWxD)	2.2' x 9.1" x 6.2" (55 x 231.6 x 157.7mm)
Certifications	
Mounting	Wall mountable via screw holes on both the transceiver and antenna mount

CANVAS

Canvas is a simple, yet powerful touch screen DMX controller designed for permanent installation. It's easy to navigate interface will walk you through the initial setup, give you up to 30 automatic presets, and then allows you to modify any aspect as needed from there. It features two DMX universes, two 0-10V lines, 8 dry contact triggers, and Aria wireless DMX built in.

CONTROL SERIES

	LPC	TPC	LPC x	VLC	VLC+
					
Key Features	<p>1/2/4 universes of DMX/eDMX control.</p> <p>Many integration options, including RS232, RS485, DMX in, MIDI and contact closures.</p> <p>Ideal for 'fit and forget' applications – the controller is commissioned once, then can be left to reliably do its job.</p>	<p>1 universe of eDMX with customizable touch interface.</p> <p>Combine with EXT for mains power, DMX/RDM, DALI, I/O and RS232</p> <p>Ideal for projects requiring a combination of lighting control and a smart user interface in a compact package.</p>	<p>10-100 universes of eDMX control.</p> <p>1U 19" rack-mount form factor.</p> <p>Optional DVI live video input.</p> <p>Ideal for large installations requiring unrivaled programming power and flexibility.</p>	<p>50-1500 universes of eDMX control.</p> <p>Cross-fade from one HD video playback to another.</p> <p>DVI live video input.</p> <p>Ideal for mapping video to lighting fixtures used as a single large video screen</p>	<p>50-3000 universes of eDMX control.</p> <p>Cross-fade from two HD video playbacks to two others.</p> <p>Real-time video rotation, movement, gain and masking.</p> <p>Ideal for advanced facade projects, observation wheels and wrap-around applications like stadia.</p>
Channels of DMX/eDMX output	512	512	5120-51200	25600-768000	25600-1536000
Equivalent Universe	1	1	10-100	50-1500	50-3000
Control Concept	Fully Flexible			Single Canvas	
Remote Devices Supported	16			100	
Ethernet	RJ45 socket for 10/100Base-TX Ethernet with Link/Data LEDs; Fixed IP or DHCP; Dual IP address for eDMX		Neutrik etherCon (RJ45 compatible) for 10/100/1000Base-TX Ethernet; Static IP or DHCP		
Data Storage	Removable SD Card (supplied)	Removable SD Card (supplied)	Internal 16GB SSD (supplied)	Internal 128GB SSD (supplied)	Internal 512GB SSD (supplied)
Power Consumption	4W	4W	40W	40W	TBA
Warranty	5 Years, limited				
Certifications	CE compliant, ETL/cETL listed				

UDM SERIES

UDM, UDM-W

UDM are multi-protocol drivers, designed to allow conversions between popular control signals for architectural applications. It's inputs are DMX (wired and wireless options) & 0-10V, while it's outputs are DMX, 0-10V, and IGBT digital line voltage dimming. The UDM series will allow for maximum control flexibility and integration with both Acclaim Lighting and 3rd party products.

DRIVER SERIES

UDM SPECS

	UDM	UDM-W	DIMENSION
Input Voltage & Rating	100-277VAC, 50/60Hz, 1000W Maximum		
Output Voltage (TRIAC Line)	100-277VAC, 50/60Hz		
Input Protocols	DMX + RDM, 0-10V (source or sink)	Wired and wireless (Aria) DMX + RDM, 0-10V (source or sink)	
Output Protocols	DMX + RDM, 0-10V, IGBT digital line voltage dimming		
DMX Options	8 bit or 16 bit dimming	-	
Address & Mode Setting	Via on-board dip switch or RDM	-	
Wireless Protocol	-	2.4 GHz, IEEE 802.15.4, 15 selectable channels, AES 128bit encryption	
Reception Range	-	2600' (792m) line of sight, 300' (91m) between obstructions and walls	
AC Options	100-277V Pass through when using DMX to allow power output to fixtures		
Dim Smoothing	Available via dip switch setting		
0-10V Sink Power	Up to 25mA		
Housing Material	Aluminum		
IP Rating	IP64, Damp Location - Connections to be made in 3rd party junction box or conduit		
Operating Temperature	-31° F to 122° F (-35° C to 50° C)		
Connectors	1/2" conduit nipples, 1 input + 1 output		
Warranty	5 Years, Limited		
Weight	1 lb. (16 oz)		
Dimensions (LxWxD)	10.26" x 5.16" x 1.76" (260 x 131 x 45mm)

DRIVERS

Acclaim's AL and Aqua Driver series are multi-protocol drivers for low voltage LED products. It can control multi color LED product, and manual colors can be set in instances where external control is not desired. It offers maximum flexibility with your front end control preferences.

DRIVER SERIES

DRIVER SPECS

	AL DRIVER 400	AL DRIVER 800	AQUA DRIVER	AL DRIVER 1	AL DRIVER 4
					
Control Input	DMX+RDM, 0-10V (sink and source), DALI	DMX+RDM, 0-10V (sink and source), DALI	DMX (Hardwire and XLR connections available)	DMX, 0-10V (sink and source)	DMX
Control Output	Multi-channel PWM		350mA (EO & SO) and 700mA (HO) constant current, 4 control channels max per port	Single channel PWM dimming, 0-100%	Four channel PWM dimming, 0-100%
Operating Modes	Static color selection, internal pre-set color fade	Static color selection, internal pre-set color fade	Manual color selection via dip switch	Manual dimming level selection via dip switch	Manual color selection via dip switch
Internal Sensors	Temperature & usage, data accessible via the on-board display		-	-	-
Connectors	6 pin terminals for PWM outputs, 3 pin terminals for DMX, 2 pin terminals for 0-10V & DALI		Removable multi-pin terminal blocks, optional XLR for DMX	Removable multi-pin terminal blocks	
Power Input	100-277VAC, 50/60Hz			6-24VDC, 5A maximum	12-24VDC, 5A maximum
Power Output	24VDC			6-24VDC, 5A maximum	12-24VDC, 5A maximum
DC Output	400W, 6.6A maximum per channel	800W, 6.6A maximum per channel	N/A		
Operating Temperature	14° F to 113° (-10° C to 45° C)		0° F to 158° F (-20° C to 70° C)		14° F to 122° F (-10° C to 50° C)
IP Rating	IP22, Dry Location		IP20, dry location		
Warranty	5 Years, limited				
Weight	8.4 lbs. (3.8 kg)	14.4 lbs. (6.5 kg)	2.6 lbs (1.18 kg)	0.1 lbs (45g)	0.1 lbs (45g)
Dimensions (LxWxD)	13.4" x 9.06" x 3.15" (340 x 230 x 80mm)	15.8" x 10.7" x 4" (400 x 270 x 100mm)	5.9" x 11.83" x 2.59" (150 x 300.5 x 66mm)	1.18" x 2.32" x 0.78" (30 x 59 x 20mm)	1.73" x 2.97" x 0.78" (44 x 75.5 x 20mm)
